

Watermain Project Update

South Rose Hill Neighborhood

Feb 13, 2013

Planning

Design

Construction

Complete

- **Upgrade Existing Watermain to Increase Efficiency and Reduce Maintenance**
- **Provide Efficient System to Deliver High Quality Water**
- **Preserve Water System Integrity**

Thank you in advance for your patience and cooperation as we make improvements to your neighborhood.

What: The Watermain Project will replace an aging watermain that experienced a significant failure within 120th Avenue NE. The project limits will be along 120th Avenue NE from 70th Street going south to a point 50 feet beyond the cul-de-sac. This work will help lower on-going maintenance costs (see map on back).

When: The City's contractor, Shoreline Construction Company, will begin construction in March with expected completion of the project in July 2013. Typical hours of construction will be Monday through Friday from 7:00 a.m. to 6:00 p.m.

What to Expect:

Parking - expect restricted parking along the roadway. No-parking signs will be posted 24 hours in advance of all parking restrictions.

During construction - there may be inconvenience associated with driving through the work zone, therefore flaggers will be present to direct traffic. Emergency vehicle access will be maintained throughout the construction process.

After hours - the contractor is required to back fill and/or cover their work at the end of each day so there will be no open trenches left over night.

Water service - businesses and residents will be given two days notice prior to any planned water system shutdowns.

Please contact us should you have any questions or concerns. For the latest project information, go to: <http://www.kirklandwa.gov> and search for Watermain System Improvement Project.
